

Dive Into Colours: A Creative Journey of Colour Theory and Exploration

Colour is all around us. It fills our world with vibrancy and meaning. But what is colour, exactly? And how can we use it to create beautiful and effective works of art and design?

In her new book, Dive Into Colours, Ann Donahue takes readers on a journey through the spectrum, exploring the theory and application of colour in art and design. With clear and concise language, Donahue introduces readers to the basics of colour theory, including the colour wheel, colour mixing, and colour schemes. She then delves into more advanced topics, such as colour psychology and the use of colour in various artistic styles.
