Print length : 390 pages

The answers to these questions lie in our evolutionary history. Our aesthetic preferences are not arbitrary; they have been shaped by the forces of natural selection over millions of years.

In his groundbreaking book, *Evolutionary Aesthetics*, Andrew Kane explores the evolutionary origins of our aesthetic preferences. He argues that our love of beauty is not simply a matter of personal taste; it is a product of our evolutionary heritage.

Kane's book is a fascinating and thought-provoking read. It will change the way you think about beauty and art.

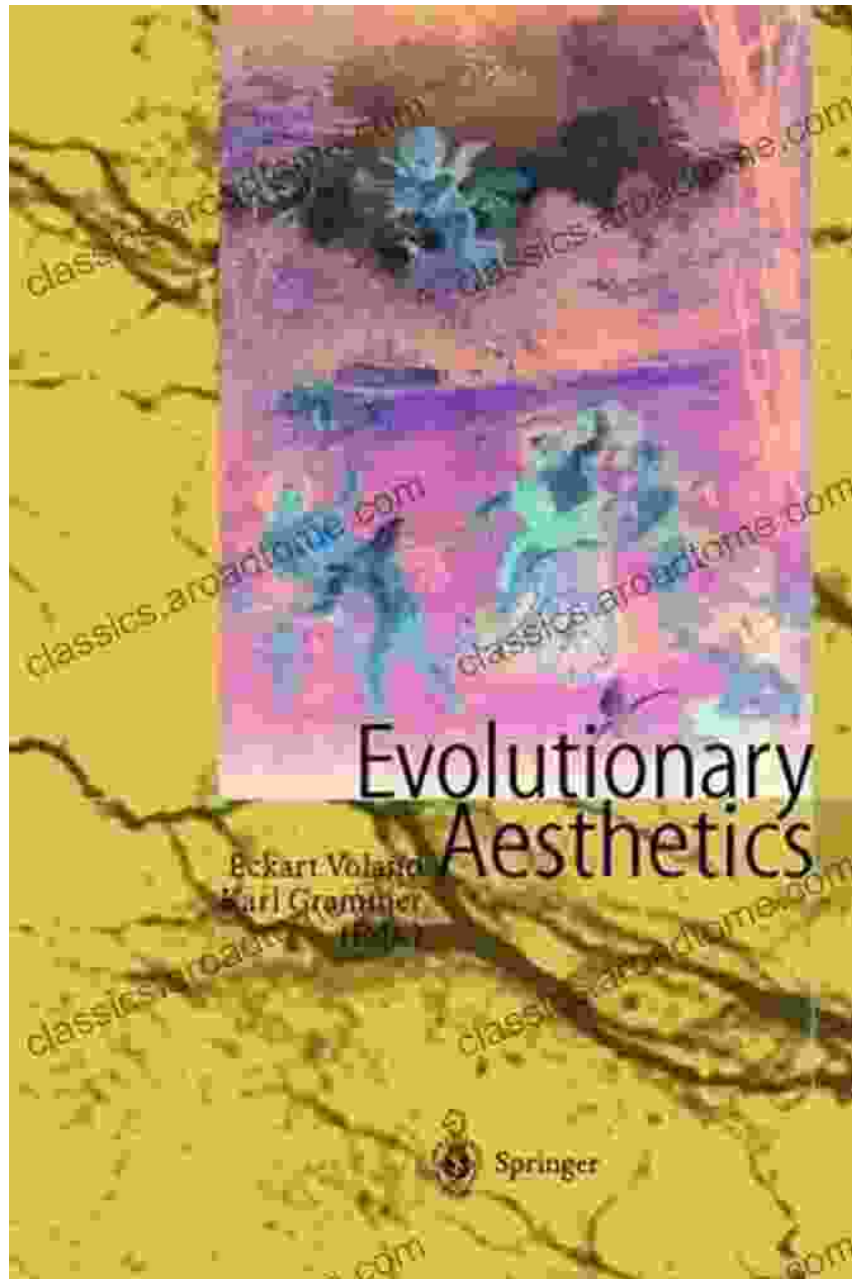

## **Here are just a few of the things you will learn in Evolutionary Aesthetics:**

- How our evolutionary history has shaped our aesthetic preferences
- Why we find certain things beautiful and others ugly
- The evolutionary origins of our love of music, art, and literature
- The role of beauty in human evolution

If you are interested in aesthetics, evolution, or human nature, then you will not want to miss Evolutionary Aesthetics. It is a groundbreaking book that will change the way you think about beauty and art.
