The book examines the growing importance of outward foreign direct investment (OFDI) from the BRICS states (Brazil, Russia, India, China, and South Africa) in the global economy. The book provides a comprehensive overview of the theoretical and empirical literature on OFDI from the BRICS states, and it offers new insights into the drivers, motivations, and implications of OFDI from these countries.

The book is divided into three parts. Part I provides an overview of the theoretical and empirical literature on OFDI from the BRICS states. Part II

examines the drivers, motivations, and implications of OFDI from these countries. Part III provides a series of case studies of OFDI from the BRICS states.

The book is written by a team of leading experts on OFDI from the BRICS states. The authors provide a comprehensive and up-to-date analysis of the latest trends and developments in OFDI from these countries.

The book is essential reading for anyone interested in the growing importance of OFDI from the BRICS states in the global economy.
